

**Help!** Where has my work gone?!

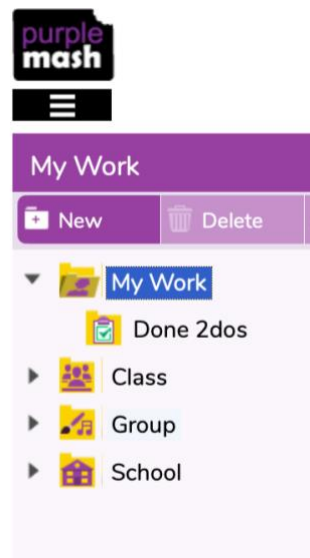

Some of us are worried that all that hard work has just disappeared when you 'handed in' a 2do... I was worried at first too! Fear no more!

To see work that has been handed in:

1) click on the work folder at the top of the screen

2) down the left side of the screen you will see 'my work'... beside 'my work' is a little black arrow, click it

3) click on Done 2dos

Hopefully you should find your work stored safely in here!
